

## MATERIAL SAFETY DATA SHEET

According to EC Regulation No. 1907/2006 (REACH)

Date of print: July 2011

---

### 1. Identification of the substance/preparation and of the company/undertaking

#### Identification of the product

Product name: Fructosamin Control Kit (P)

Product code: VT1100

#### Manufacturer/supplier identification

Company: Eurolyser Diagnostica GmbH  
Bayernstraße 11a, A-5020 Salzburg, Austria

Contact for information: Phone: +43 (0)662 432100  
FAX: +43 (0)662 432100-50

---

### 2. Composition/Information on ingredients

#### Chemical characterisation (preparation):

Lyophilisate

#### Dangerous ingredients:

The product does not contain hazardous ingredients in quantities to be subject to specific labelling.

---

### 3. Hazards identification

#### Classification according to Directive 67/548/EEC and 1999/45/EC:

This preparation is classified as non hazardous.

#### Additional information

Exercise the normal precautions required for handling biological material.

Product contains human material, potentially infectious.

Note: mild water pollutant

---

### 4. First aid measures

#### General information:

Show this safety data sheet to attending physician

#### After skin contact:

After contact with skin, wash immediately with plenty of water. Treat affected area with disinfectant.

#### After eye contact:

In case of contact with the eyes, rinse eyes immediately with plenty of water for approx. 15 minutes.

#### After swallowing:

After swallowing call a physician immediately.

**Information for the doctor:**  
Symptomatic treatment.

---

## 5. Fire-fighting measures

**Suitable extinguishing media:**  
no restriction.

**Decomposition:**  
Dangerous decomposition products not expected.

---

## 6. Spill or leak procedures

**Methods for cleaning up:**  
Carefully sweep up powder.

**Binding agents:**  
no restriction.

**Damage control measures:**  
Special measures for damage control not required.

---

## 7. Handling and storage

**Handling:**  
Combustible substance.  
Open and handle container with care.

**Storage:**  
Recommended storage temperature: +2 °C to +8 °C  
Prohibition on storage (incompatible substances or mixtures): none

---

## 8. Exposure controls/personal protection

### Personal protective equipment

Respiratory protection:	Respiratory protection is not required under normal use of this product.
Eye protection:	Safety glasses.
Hand protection:	Disposable protective gloves

**General protection and hygiene measures:**  
Disinfect working place and hands after work.

---

## 9. Physical and chemical properties

### General Information:

Physical state:	solid
Colour:	white to yellowish
Solubility in water:	completely miscible

---

## 10. Stability and reactivity

### Hazardous reactions:

None under normal use.

### Hazardous decomposition products:

None.

---

## 11. Toxicological information

All products derived from human blood or urine are prepared exclusively from the blood or urine of donors tested individually and shown to be free from HBsAg and antibodies to HCV and HIV 1+2. The testing methods applied were FDA-approved or cleared in compliance with the European Directive 98/79/EC, Annex II, List A. However, as no testing method can rule out the potential risk of infection with absolute certainty, the material should be treated just as carefully as a patient specimen.

---

## 12. Ecological information

No data available.

---

## 13. Disposal considerations

### Product:

Waste key number: 160506 = Laboratory chemicals consisting of or containing dangerous substances including mixtures of laboratory chemicals.

Recommendation: After sterilisation (autoclave), the product can be disposed of into drain according to official state regulations.

### Packaging:

Waste key number: 150107 = Glas packaging

Recommendation: Not contaminated and cleaned containers can be supplied for recycling.

---

## 14. Transport information

Overland transport (ADR/RID): Not restricted

Transport by inland waterways (ADN): Not restricted

Transport by sea (IMDG): Not restricted

Air transport (IATA): Not restricted

Not a hazardous material with respect to ADR/RID, IMDG, IATA/ICAO.

---

## 15. Regulatory information

### Classification

According to EC directives 67/548/EEC and 1999/45/EC there is no labelling obligation for this product.

---

## 16. Other information

Group that issues data sheet

Contact: see chapter 1, contact for information.

The information in this data sheet has been established to our best knowledge and was up-to-date at time of revision. It does not represent a guarantee for the properties of the product described in terms of the legal warranty regulations.
