

## MATERIAL SAFETY DATA SHEET

According to EC Directive 91/155/EC

Date of print: März 2012

---

### 1. Identification of the Substance/Preparation and of the Company/Undertaking

#### Identification of the product

Product name: cCRP control kit REF VT1000

#### Manufacturer/supplier identification

Company: Eurolyser Diagnostica GmbH  
Bayernstraße 11a, A-5020 Salzburg, Austria  
Contact for information: Phone: +43 (0)662 432100  
FAX: +43 (0)662 432100-50

---

### 2. Hazards Identification

Dangerous properties cannot be excluded. However, risks are not to be expected, when the product is handled by qualified and authorized personnel with the necessary precautions for chemicals / diagnostic reagents.

Each individual blood donation used for production of CRP Control-kit was found to be non-reactive when tested with approved methods for HBsAg, anti-HIV 1+2 and anti-HCV. As there is no possibility to exclude definitely that products derived from human blood transmit infectious agents, it is recommended to handle the control with the same precautions used for patient specimens.

---

### 3. Composition, Information on Ingredients

#### Chemical characterisation

Liquid

#### Dangerous ingredients

This product has not to be classified as hazardous material in accordance to the EC Directive 88/379/EC

---

### 4. First Aid Measures

After skin contact: rinse with water  
After eye contact: rinse with water  
After ingestion: give extensive water for drinking, consult doctor if feeling unwell

---

### 5. Fire-Fighting Measures

Product is not flammable.

---

### 6. Accidental Release Measures

Dilute with water and absorb with liquid absorbing material. Dispose of according to local regulations. Clean affected area.

---

## 7. Handling and Storage

Handling: No special requirements  
Storage: Store protected from light and tightly closed at +2°C - +8°C.

---

## 8. Exposure Controls/Personal Protection

### Personal protective equipment:

Respiratory protection: not required  
Hand protection: required  
Eye protection: recommended  
Industrial hygiene: change contaminated cloths. Wash hands after handling the substance.

---

## 9. Physical and Chemical Properties

Form: liquid  
Colour: not applicable  
Odour: not applicable  
PH-Value: not applicable  
Melting temperature: not applicable  
Boiling temperature: not applicable  
Ignition temperature: not applicable  
Flash point: not applicable  
Explosion limits: not applicable  
Density: not applicable  
Solubility in Water: 100%

---

## 10. Stability and Reactivity

Conditions to be avoided: none known  
Substances to be avoided: none known  
Hazardous decomposition products: none known

---

## 11. Toxicological Information

Quantitative data about the toxicity of the product are not available.  
Dangerous properties cannot be ruled out. However, risks are not to be expected, if the product is handled by qualified and authorized personnel with the necessary precautions for chemicals / diagnostic reagents.

---

## 12. Ecological Information

Risk of water pollution: Class I  
Quantitative data about the ecological effects of the product are not available.

---

## 13. Disposal Considerations

### Product:

Chemical residues are generally considered as special waste. The disposal of the latter is regulated in the EC member countries through respective laws and regulations, and in the Republic of Austria also by individual

Federal law. We recommend that you contact either the authorities in charge or approved waste disposal companies which will advise you on how to dispose the special waste.

**Packaging:**

Disposal in accordance with local legal provisions.

---

**14. Transport Information**

The product is not subject to current regulations for transportation of hazardous goods.

---

**15. Regulatory Information**

This product has not to be classified as hazardous material in accordance to the EC Directive 88/379/EC.

---

**16. Other Information**

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product.
